X-PANDO™ SYSTEM

CORE™ SYSTEM

VISIT PULLTARPS.COM TO GET YOUR SYSTEM
The X-Pando™ EZ-Measure™ Cut-to-Fit System
The X-Pando™ System can hold up to 30’ of tarp. The housing is galvanized and gives excellent protection from falling debris. The system adjusts to fit any truck from 78” to 100”.

The Core™ EZ-Measure™ Cut-to-Fit System
The Core™ System is easy to install and can be upgraded with an arm kit. This is our most basic system and is designed to fit in most flanged bearing cab shields.

Cut-to-Fit
The Cut-To-Fit system allows you to cut your roller tube to the correct width that matches your Housing System or Cab Shield width.
